LOCAL DEPARTMENT.

County Board of Supervisors.

WEDNESDAY, Jan. 2, 1861.

The board met this afternoon at 2 o'clock, pursuant to adjournment at the November session.

All the members were present except S. S. Northrop of Clinton, Mr. Sherman of La Prairie, and Messrs. Merrill, M. A. Northrop, Murray and Parker of the city of Beloit.

A large number of bills were presented and referred to the appropriate committees. Archibald Smiley was appointed chairman of the committee on Charters and Incorporations, in place of K. W. Bemis, removed to the city of Janesville.

The board is in session as we go to press.

SORGHUM MOLASSES.—Since the talk of the secession of the cotton and sugar states, the people of the north are turning their thoughts towards supplying themselves with these articles in some form. To some extent this may be done in relation to the latter article by the cultivation of the sorghum, or Chinese sugar cane. It is true that all the experiments with this plant has not been successful, but that many persons have succeeded in obtaining a fair article of molasses from it, there is not the slightest doubt, while there have been fewer successes in producing sugar, because the latter requires greater experience, on account of the more complicated nature of the processes of its manufacture. Molasses, we have no doubt, can be produced by the farmers of Wisconsin to the extent at least of their own consumption, at a less cost than the foreign article, and of a good quality. Mr. Richard Adee of Center, has presented us with a specimen of his own manufacture of Sorghum molasses, during the past year which is very good, of which he made four barrels from one acre of ground. He does not doubt that 130 gallons may be produced from an acre by proper cultivation. He constructed the press for crushing it, himself, entirely from wood, and used pans made of galvanized sheet iron, for evaporating the liquid. The whole process he says is of the simplest character. From the success of Mr. Adee we think others should be induced to try to manufacture molasses, at least for their own use.

REMOVAL.—There has been a very current rumor on our streets that Gen. Scott has been appointed secretary of war, but as the telegraph makes no allusion to it, we presume it is unfounded; especially as we have no good reason for expecting from Mr. Buchanan an act of so much good sense and patriotism.

THE FIVE PER CENT.—The question—Who is entitled to the five per cent. returned to the county? is not yet decided. A case was last week presented to the circuit court by one of our town treasurers, who claimed to be entitled to the five per cent. The court has taken the matter under advisement. As soon as the decision is rendered, we shall publish it for the information of town officers.—*Mauston Star.*

This question was decided in this county at the November term of the circuit court, 1859. Peter H. Inman, treasurer of the town of Rock, commenced a suit against J. M. Burgess, then county treasurer, for the recovery of the increased per cent. contending that it belonged to the town instead of the county treasurer. Mr. Burgess refusing to allow the claim in the settlement with the town. The decision was in favor of the county treasurer.

THANKS.—The carriers of the Janesville Daily Gazette, tender their thanks to their patrons for the very generous manner in which their New Year's call was responded to. With such liberal encouragement they commence their labors of the year '61, with renewed determination to be faithful in the performance of their duties.

A NEW YEAR'S GIFT.—Yesterday, Mr. Doty, our job foreman, was agreeably surprised by a handsome gift from the carriers of the Gazette in acknowledgment of the manner in which he had printed their annual address for them. The gift was well deserved and creditable to the generosity of the boys for whose benefit he had exerted his skill and taste as a workman.

A BIG DAY.—To-day has been a big day in the city. The streets have been full of teams and a large amount of produce of different kinds been brought in. Pork is coming in very freely.

I. O. O. F.—A public installation of the officers of Janesville City Lodge No. 90, will be given at the lodge room in Lappin's Block, Friday evening, January 4th.

B. BORNHEIM, Recording Sec'y.

CURLING.—We think we hear some reader asking what is "curling." To tell the story as it was told to us, the term designates a Scotch game played with blocks of wood upon the ice, and requires both dexterity and muscular strength. A considerable number of Scotchmen residing in this vicinity followed their new year's festivities with the game to-day. Some days since several of the Scotch residents of Johnson were here and had a trial with their Janesville brethren. A full match, we understand, will be made up soon, and we are promised information of it in season to give notice through our columns, and enable each of our "Yankee" readers as have never seen the game a chance to witness it.

AN INCIDENT.—Among the incidents of yesterday was the fifth annual meeting of the members of Water Witch Engine Company, No. 2, at the engine house. Six years ago the company was formed, and their house was formally opened the 1st of January succeeding, with a "soiree" many of our citizens will remember for the excellent style in which it was prepared and conducted. The company, during this period, have earned a reputation for efficiency which their future efforts will undoubtedly sustain.

Call at the American Hotel and see Dr. Williams, and talk with him about your malady; you can get, without cost, new ideas in relation to them, and, at reasonable rates, remedies for them.

NEW YEARS.—Nothing of remarkable interest occurred yesterday in the festivities of the opening year. The sun shone brightly; the temperature was mild and comfortable; general good feeling was exhibited; good cheer was abundant, and altogether the day was well spent, without the excesses which sometimes characterize it.

In the evening, the ladies festival at Lappin's Hall attracted a very large company. The influences of the day, or some other cause, gave to this gathering, large as it was, (and we think it was the largest ever congregated here for such a purpose,) all the friendly intercourse of a chosen party. Every arrangement had been well made; the most beautiful and excellent provision for the table was apparent; the hall had been decorated with great taste and labor, under the supervision of Mr. Wm. Robinson, with the assistance of several ladies interested in the festival; songs were sung, and well sung, too, by a choir of singers; no inconsiderable number of strangers or residents out of town were present, and a "happy" day was fitly closed by an evening of unusual enjoyment.

A SUDDEN DEATH.—Monday afternoon, about 2 o'clock, Daniel Parks, an Englishman who resides in Racine street in this city, was buried in a well on the premises of Mr. Neyhart in the town of Harmony. Mr. Parks was curbing the well, which was an old one and about 100 feet deep, and had built the curbing up 25 feet from the bottom, when he discovered signs of the earth caving in above him. He immediately gave the signal to draw him up, and the men working with him had raised him with, in perhaps 50 feet of the top, when he was caught and buried by the falling earth. The well was filled up entirely. The hands of two men at the windlass were thrown from it, and the handle struck one of them, Wm. Wood, in the face and seriously injured him if it did not break the jaw. The other man, whose name we have not learned, was thrown to the ground and considerably bruised. Help to disinter Mr. Parks was at once procured, and it was supposed it would require two days to reach him. He leaves a wife and five children who were dependent upon his labor for their support.

Less than a year since, Mr. Thackwood, whose tools Mr. Parks had purchased and was using, met with a similar calamity.

TRINITY CHURCH.—In accordance with the proclamation of the President of the United States, and the advice of the Bishop of this diocese, recommending Friday the 4th inst., to be observed as a day of fasting and prayer, this church will be opened for morning service at half past 10 o'clock.

GALENA AND CHICAGO UNION RAILROAD.—The change in the time table we noticed Monday was the addition of a night train to the usual morning train. We are pleased to note such an addition to the facilities of a road so well managed and so well known as the Galena and Chicago Union.

SACK COMPANY.—An adjourned regular meeting of Sack Company No. 1, will be held at its room in Empire Block, Friday evening, 4th inst., at 7 o'clock. The annual election of officers will then take place.

It is announced at Harrisburg that Gen. Cameron of Pennsylvania will be Mr. Lincoln's secretary of the treasury.
